

DIY Recording Workshop @ Kids POP 2013

[Kids POP](#) is the kid-focused part of [POP Montreal](#). On September 28, 2013, the Digital Literacy Project gave a free workshop ? [Record Yourself!](#)? at Espace POP.

We designed a workshop that helped the participants gain skills and confidence with digital recording tools in a fun environment.

For this workshop, our team included Zsofia Zambo a [community educator](#) and [local musician](#), Peter Shaw a theatre educator, and Eric Craven the Digital Literacy Project Coordinator and [local drummer](#). We also had some amazing volunteers from Concordia's [Theatre and Development program](#).
