

## Reception for the Ageing-Communications-Media Research Group.

On Friday September 20, 2013, we hosted a reception for Concordia University's Ageing-Communication-Media (ACM) research group. The reception launched a weekend of meetings in Montreal for all the international partners included in an upcoming SSHRC Partnership Grant.

Last year, we collaborated with the ACM on the [Exhibition ?MemorySpace: private memories, public histories?](#)

Here are some pictures of the reception shot by Edward McCann:
