

## RECLAIM Literacy Video - by Ramsay & Dwight!

In Fall 2009 and Winter 2010, Ramsay and Dwight participated in two video documentary workshops offered by the Digital Literacy Project to the RECLAIM Literacy Centre. In the months following these workshops, Ramsay and Dwight decided to continue working on their video skills and created a new documentary about the history and impact of RECLAIM. We're very excited to present their amazing project below!
