

Seniors Music Project Open House Friday, March 2, 2014 at 1:00 pm

This winter we have been offering a series of workshops aimed at empowering musically-oriented seniors to use computers and then teach others to use computers to record and create music.

You are warmly invited to hear their work at the Library on Friday, March 21 at 1:00 pm.

Check out Louise and Enid's video and listen their piece below.

)

The unwinding road to opening the brain. So here we are a big round ball of tangled cords. Swoosh swoosh swooshing around. Scrambling around like tentacles humming away humming uphill downhill, in a circle, going through a walk into the sunshine. By Louise Jack in consultation with Enid Anderson. Created during the Seniors Music Project of the Digital Literacy Project at the Atwater Library and Computer Centre.
